

# RIVER LANDING

Championship Golf

The River Course · The Landing Course  
Wallace, North Carolina

# *World-Class Golf in the Heart of the Carolinas*

River Landing is one of the top golfing destinations with tournaments hosted here from all types of organizations and golfing competitions.

With two Top 30 courses in the state and the two top courses in our region, it is no wonder so many people find River Landing to be the epitome of what a golfing experience should be. From the perfectly manicured courses, to our friendly and helpful staff, to our clubhouse dining, we are here to serve you and your guests with the best experiences possible.

Both the River and Landing courses were designed by **nationally acclaimed architect Clyde Johnston** of Hilton Head, South Carolina. Through Johnston's incredible vision of the remarkable land entrusted to him at River Landing, he carved out a masterpiece in the two 18-hole golf courses. His designs take full advantage of the unique natural beauty of our eastern coastal plain region, including scenic lakes, lush woodlands, and the peaceful Northeast Cape Fear River.

The stunning layout of these two 18-hole championship golf courses challenges the experienced golfer, while offering five sets of tees to make the courses enjoyable for any player type. Over the years, River Landing has implemented various sustainability initiatives to help preserve our environmental resources for the next generation. We base our initiatives on an ideal from the Iroquois Indians: *“Decisions are made considering the 7th generation in the future.”*

*Through our sustainability initiative, we hope to be the forward thinking leader in the golf industry — embracing the stunning beauty of the natural environment for generations to come.*

*18-Hole Championship · Along the Northeast Cape Fear River*

Embracing the stunning beauty of the natural environment, the River Course runs along the Northeast Cape Fear River. This 18-hole championship course incorporates five tee boxes, Champion Bermuda on the greens and Tifway 419 Bermuda for the tees and fairways. Johnston's design masterfully weaves through mature woodlands and alongside the peaceful river corridor — creating an unforgettable experience that challenges and rewards golfers of every skill level.

*18-Hole Championship • Through the Heart of River Landing*

Embracing the community development, Clyde Johnston designed the Landing Course to easily showcase River Landing. This 18-hole championship layout incorporates five tee boxes, Champion Bermuda on the greens and Tifway 419 Bermuda for the tees and fairways. The Landing Course winds through the residential community, offering breathtaking views and the hallmark playability that has made River Landing one of the region's premier golfing destinations.
